

## OUR VISION

Established since 2012, our vision is to be the leading Cyber Security-as-a-Service Provider in the region by orchestrating and offering cost-effective cyber threat defense and response services for the emerging technologies industry, delivered by top-notch cyber security specialists.

## OUR MISSIONS

1. To nurture and produce the best cyber security specialists with the right attitudes, skills and experience to be the senior and 'C' level executives of PROVINTELL and our business associates.
2. To maintain the highest quality of service delivery. Embracing technologies and streamlining processes to reduce cost. Delivered by highly skilled professionals.
3. To help our business partners in market penetration by creating strategic business collaboration opportunity with our customers.
4. To cultivate healthy, collaborative and joyous working culture.

## Our Core Values

1. Gratitude is our attitude. Attitude is our altitude.
2. Always thinking out-of-the-box. Believing that there is a solution to any problem.
3. Integrity, perseverance and work hard to deliver values. We walk the talk.
4. Teamwork makes the dream work. Always focus to do the right thing.
